TO WHOM IT MAY CONCERN:

I have had the privilege of knowing Mr. Paul Suchecki professionally for several years. Our relations in the fields of film and journalism have allowed me to work with Paul on a number of varied projects and I have always found him to be adept, thorough and committed to any endeavor that he has chosen to undertake. As a writer, Paul is capable of a wide range of subject matter and approaches each task with respect for research data and the ability to support his editorial slant with factual bases. His style is urbane, intelligent and adaptable to various journalistic forum.

Mr. Suchecki has worked on film projects with me both in New York and here, on the West Coast. I have found his production abilities to be completely professional, remarkably energetic and informed at a level well above the state of the art. Paul has expertise in both film and video and is comfortable in either format. He is a capable editor, writer and producer who is an asset to any production, not only in terms of his talent and imagination, but equally in terms of his wit and resolve. I can recommend Paul Suchecki without reservation as a versatile professional who works hard and with inspired commitment.
