Vice President, News

To whom it may concern:

You can't go wrong hiring Paul. He can write, produce, edit, shoot - and do them all at the highest levels.

During his time at KTTV Fox 11 (from 2005 to 2007), Paul wrote for our newscasts, and produced many specials with our anchors. Everything he worked on was topnotch.

More importantly, Paul is a good person. He's calm, mature, and deals well with coworkers. He'll be a great addition to your staff. You won't regret a decision to work with him.

I give Paul the highest recommendation.
